Recommended 30-60-90 day action plan

When	Action	Owner	Est. monthly recovery
0-30 days	• Automate Invoice data entry into Tally (high feasibility) — OCR/RPA or a native integration. Redeploy ~162 hours/month to higher-value work. • Pull the invoices for Tata Communications, confirm with AP, and raise a refund/credit-note request for ■19,800. • Pull the invoices for CleanPro Facility Services, confirm with AP, and raise a refund/credit-note request for ■19,500.	Unassigned	Rs 1,37,750
30-60 days	• Review the Amazon Web Services invoice line-by-line for new SKUs or usage spikes, and open a renewal/rate negotiation before the next billing cycle. • Automate Weekly MIS report compilation (high feasibility) — OCR/RPA or a native integration. Redeploy ~24 hours/month to higher-value work. • Standardise cloud storage on Google Drive (Workspace). Migrate users off OneDrive for Business, Dropbox Business before their next renewal and cancel.	Unassigned	Rs 73,544
60-90 days	• Standardise helpdesk / support on Freshdesk Pro. Migrate users off Zendesk Suite before their next renewal and cancel. • Ask Rohit Mehra to confirm active users, then downgrade Salesforce Sales Cloud to 32 seats at the next renewal. • Run a 2-week usage audit on LinkedIn Sales Navigator. If adoption stays below 50%, cancel or move to a lower tier at renewal.	Rohit Mehra, Unassigned	Rs 92,375
